CHANDLER SERVICE CLUB

FLOWER GIRL PROGRAM

A Community Service and Social Etiquette Program for Young Women

Chandler Service Club

Chandler Service Club is a non profit charity that began in 1933 by a small group of Chandler women who organized to feed hungry school children during the Depression.

For over 80 years CSC has continued this tradition and answered many needs within Chandler and the surrounding communities. Projects, large and small, have touched people of all ages and backgrounds.

Providing the basic needs of food and clothing for children are guiding principles of CSC. The Warm Feet Warm Hearts program has supplied new shoes and jackets to Chandler children for over 30 years.

Chandler Service Club has supported a variety of food programs within the schools and local food banks throughout the years. In 2013, CSC began Weekenders, a weekend food program within the Chandler Unified School District to assure that children do not go hungry and are fortified by nutritious food, building healthy bodies and minds.

CSC also believes education is key to building healthy families and has provided millions of dollars in college scholarships to Chandler citizens since 1958.

Chandler Service Club is supported by funds from our annual Charity Ball and by generous community members and local businesses and industries who value the history and trust in the future of CSC and its' programs.

We are a registered 501 (C)3 non profit all volunteer womens organization, numbering nearly 100 members.

Flower Girl Program

The Flower Girl Program was introduced in 1952. High school age daughters of Chandler Service Club members were invited to attend the club's Charity Ball and sell corsages and boutonnieres to arriving guests. Later in the evening the girls were introduced as they had their first dance with their fathers.

In 1988 the club expanded the Flower Girl Program to include young women, upon recommendation from a Club member, who are seniors in high school and who have a heart for community service. Girls are recommended in the spring of their junior year and spend the next several months being mentored by club members.

Over the past sixty-eight years, the Flower Girl Program has evolved into a year long program of community service experiences, social events, self-improvement seminars and leadership opportunities.

In keeping with a long standing club tradition, the culmination of the Flower Girl experience is the girls' formal presentation and first dance with their fathers at the annual Charity Ball. For the Flower Girl families and guests this magical evening is filled with memories to last a lifetime.

Chandler Service Club has proudly mentored hundreds of young women who now live and volunteer in communities throughout the state, across the country and around the world.

Hands of Service

A major goal of the Flower Girl Program is to foster a lifelong commitment to community service. The girls participate in a variety of group service activities throughout the year and also plan an individual project that addresses a specific need they have identified within their communities. The Hands of Service Project that each girl undertakes represents her own personal commitment to service.

Becoming a Flower Girl is a privilege and an honor. Throughout the year these young ladies represent their families as well as Chandler Service Club. They are asked to abide by a code of conduct and represent themselves and others in a positive and wholesome manner. Flower Girls will learn many skills needed in adult life including social etiquette, public speaking, interviewing skills, personal safety, letter writing, formal dancing and more. Working alongside and forming new bonds of friendship with girls from other high schools is an added bonus. The benefits of the Flower Girl Program for young women will be felt well into their futures.
